Sermon Seedbed Update

We are so grateful to God to be able to announce that since January this year (2009) we have been able to deliver quality preaching resources into 166 different nations. That is more than 85% of the nations in the world. We praise God for the growth and influence this little site with a big dream. We also have been able to see over 1500 pastors and Bible teachers subscribe to our free material.

Also, we are grateful for the successful start of our premium subscription which is called THE MONDAY MORNING PREACHER'S PACKAGE. Started on June 8, 2009, we are happy with the number of people partnering with us by subscribing. They receive 20-30 pages of quality preaching material each Monday Morning into their inbox for less than the cost of a cup of coffee, and we are enabled to spend more time devoted to building preaching materials and providing research for pastor and Bible teachers.

Blessings to you all and thanks for being our guest at Sermon Seedbed.

Eddie Lawrence
